**Can, could, may, might, will, would, shall, should, ought to, must**

We can use it in some different situations to make request or offers:

**Would you like something to drink?**

**Could you please close the window?**

We use it as well to express possibility:

**You must pass the exam. (When you were learning for long time for the exam)**

**Modal verbs are always used in the present tense, we don't add -s when we use the third person.**

**We cannot use it with "to", we need to use infinitive without "to".**
